

## About ZelTech

Zel Technologies, LLC (ZelTech), provides a wide range of professional services and innovative solutions focused on customer mission success.

## Intelligence

Systems Engineering

C4ISR

IT Services

## Homeland Security

Visualization

### Intelligence Support

ZelTech provides worldwide intelligence support to national agencies and military commands with emphasis on Measurement and Signal Intelligence (MASINT), Human Intelligence (HUMINT), counter intelligence, predictive analysis, and the integration of intelligence and operations processes.

### Visualization Solutions

ZelTech helps you put the right information in front of the right people at the right time. Our visualization solutions break down stovepipes, streamline operations, tailor products to users, and empower sharing of actionable information throughout your enterprise.

### Homeland Security

ZelTech helps develop and implement threat and risk-based approaches to enhance port and maritime security. ZelTech also provides solutions for regional emergency interoperability and collaboration.

## Core Capabilities

- Requirements Definition
- Concept Development
- Studies & Analysis
- Exercise & Training Support
- Data Management & Knowledge Engineering
- Program/Project Management
- Systems Engineering & Integration
- Rapid Prototyping
- Web-based Applications
- Software Development
- Certification & Accreditation
- Development, Test, & Evaluation

**ZelTech is a Veteran Owned, SBA Certified, Small Disadvantaged Business**

## C4ISR

ZelTech is a recognized leader in developing and integrating Command, Control, Communications, Computers, Intelligence, Surveillance, Reconnaissance (C4ISR) and Air and Space Battle Management (BM) systems.

ZelTech combines technologists with functional experts to streamline complex and time-critical business operations. Automated processes and improved data visualization enable real-time decision support, which enhances mission success and realizes tangible cost efficiencies.

## Cyber Operations

ZelTech supports both offensive and defensive information operations. Efforts include enhanced warning and predictive analysis in the cyber realm, computer network defense, and information assurance activities.

## IT Services

ZelTech provides a wide variety of information technology (IT) services including design, development, integration, and maintenance services.
